

Transplant Referral is an Option Regardless of Your Age

A kidney transplant can offer a better lifestyle to patients of all ages, including those over 65.

Benefits include

- ✓ Better quality of life,
- ✓ Increased life expectancy,
- ✓ Increased independence, and
- ✓ Increased self-esteem.

You are never too old for a kidney transplant evaluation!
Ask a member of your care team about a referral for a transplant evaluation or call a transplant center today to schedule your appointment.

If you are eligible for a transplant, you can shorten your wait time by

- Arranging for a living donor, and
- Multi-listing in an area with shorter wait times.

If you are evaluated, but not a candidate for transplant, at least you will know that you have explored ALL possible treatment options.

To file a grievance please contact IPRO ESRD Network of New York
phone: (800) 238-3773, e-mail: info@nw2.esrd.net,
address: 1979 Marcus Ave, Lake Success, NY 11042, and web: esrd.ipro.org.
